Denmark/Sweden
Problems Involved in the Bridge-Tunnel Project Across the Øresund.
Copenhagen
10 February 1953
1936-1953

25X1X6

[Available on loan from CIA Library is a photostatic copy of a speech on the "Project for an Øresund Connection" which was presented on 10 February 1953 to the Danish Association for Civil Engineers by Civil Engineer Knud Hejgaard. It discusses the original 1936 project for a bridge-tunnel line between Denmark and Sweden, present plans, and inevitable construction and operational problems.]
